

Roma 09/10/2021

**Medical Certificate COVID-19 FREE for SARS-COV2  
and good health**

I certify that **LIM CHONG WAH**

Born on 05/02/1980

PASSPORT/ ID CARD N°: **D0020449A**

has undergone a **MOLECULAR NASOPHARYNGEAL SWAB RT-PCR for SARS-CoV-2  
on 09/10/2021 - N° LA21-623818**

The method used analyses the following specific genes for SARS-CoV-2:

**Orf8 and RdRP with Sensitivity:  $\geq 97\%$  (100 gEq/ml or 2 copies/react) and Specificity:  $\geq 97\%$**

Instrument PCR and extraction: Starlet (Hamilton); CFX96 (Biorad)

RESULT OF RT-PCR: **NEGATIVE** for the presence of SARS-COV2.

I submitted a clinical evaluation with health self-certification, validated by clinical videot, and I certify that the patient is in good health and not affected by specific symptoms of COVID-19 and

Mr. **LIM CHONG WAH** is **COVID FREE** by Molecular Nasopharyngeal Swab (viral genome)

*(SARS-COV2 MOLECULAR SWAB is intended for qualitative detection of genes Orf8 and RdRP of SARS-COV2 and can be used to diagnose or exclude SARS-COV2 with clinical data)*
